July 2000

Enforcement and Monitoring Division
Alberta Environment

PURPOSE OF THIS REPORT

This report provides an overview of the enforcement of Alberta's Environmental Protection and Enhancement Act (EPEA) for the fiscal year ending March 31, 2000. Even though a number of agencies are responsible for enforcing some aspect of EPEA, overall direction of the enforcement program for EPEA rests with Alberta Environment's Enforcement and Monitoring Division.

The mandate of the Enforcement and Monitoring Division is to ensure firm and fair enforcement of the EPEA in a timely and consistent manner. This mandate is fulfilled by the regional investigation of environmental concerns and incidents and, when these concerns and incidents warrant it, enforcement action is taken. Decisions to take enforcement action are made by the Regional Enforcement and Monitoring Managers.

This report is the latest in the series summarizing enforcement activities since the enactment of EPEA. The following are also available:

Enforcement of EPEA: September 1, 1993 to December 31, 1995
Enforcement of EPEA: January 1 to December 31, 1996
Enforcement of EPEA: January 1 to December 31, 1997
Enforcement of EPEA: April 1, 1997 to March 31, 1998
Enforcement of EPEA April 1, 1998 to March 31, 1999
